AdaptNSW

AdaptNSW Forum 2024

Get the facts. Take action.
Create a resilient future.

July 2024

Hello,

We have some exciting news! The [AdaptNSW Forum](#) is back in 2024, with world class speakers, immersive workshops and interactive sessions.

This year's theme is **deep understanding, bold action**.

We'll assess the current climate change landscape, explore science-backed futures thinking, and make memorable connections. You will leave ready to navigate climate change impacts in your organisation and community.

Now is the time to take bold, collective action.

Join us at the AdaptNSW Forum.

 **Venue:** The Roundhouse @ University of NSW, Sydney, on the lands of the Bedegal people.

 **Date:** Tuesday 29 - Wednesday 30 October 2024

The 2023 AdaptNSW Forum sold out. To make the event as successful as possible, this year we are providing a tiered pricing structure and will only be offering complimentary passes to selected speakers. Secure your place, and save now with early bird tickets!

Offer ends 25 August.

Call for Abstracts

The theme for AdaptNSW Forum 2024 is “**deep understanding, bold action**”.

This theme invites us to draw on collective cultural and scientific knowledge to catalyse action. There will be three streams.

Pathways: Catalysing action with futures thinking and thought leadership. Science, technology and sense-making.

Intersections: Navigate the synergies between net zero & circular economies, mitigation & adaptation, risk & disclosures, local, national & global. Case studies in effective adaptation & cross-sectoral collaborations.

Evolution: Transformation, regenerative leadership, nature positive, biomimicry, reverence, climate equity, connection to country.

This year, we are welcoming submissions for presentations. They should aim to challenge, inspire, provoke reflection and enrich the experience of the Forum for attendees.

Selected speakers will be offered complimentary passes, and the early bird rate will remain open until August 25, when the outcome of the abstract submissions will be known.

Call for Abstracts close Friday 6 August.

Revisit AdaptNSW Forum 2023

The 2023 AdaptNSW Forum, '**navigating uncertainty together**', attracted over 350 attendees who heard from 85+ presenters across 30 breakout, panel, workshop and keynote sessions.

Held across two days, 4-5 December 2023, attendees heard from multi-disciplinary leaders in the climate adaptation field to reimagine and find new ways of being in a climate changed world. Forum participants came from all sectors, including all levels of government, business, education, NGO's, community leaders and industry.
