AdaptNSW Forum 2024

Hello there,

We're delighted to offer you a preview of the 2024 AdaptNSW Forum program. We're putting a lot of thought into bringing you 2 days of engaging, creative and practical sessions where you can connect with peers and be inspired. We can't wait to share the full program with you over the coming weeks.

Preview AdaptNSW Forum program highlights for 2024 here

Please note this preview program is still being finalised - and is subject to change. More sessions and speaker announcements coming soon.

Just in case you missed the previous newsletter, we recently announced a collaboration with <u>Purpose</u> <u>Conference</u>. Stay tuned for exciting updates.

This year's Forum is dedicated to catalysing action. We're bringing climate change adaptation specialists together for two days of thought-provoking conversation and collective change making.

Join us from 29-30 October at The Roundhouse UNSW, on the lands of the Bedegal people.

Adaptation Out There

Play - Learn about climate change with Mt Resilience. Mt Resilience is an interactive webAR experience that highlights community planning and climate change disaster preparedness. Discover how communities can plan for and respond to the impacts of climate change with Mt Resilience. **Play it here**

Walk - Experience a walking history of the living Earth through Deep Time Walk. The app takes you on a self-paced 4.6km auto-narrative journey that combines scientific evidence with poetry, to tell the story of Earth's formation. As you walk at a rate of 1 million years per metre, you journey across Earth's 4.6bn geological timeline with the app silently calculating your speed and distance adjusting the soundscape accordingly. **Walk it here**

Learn - Psychology for a Safe Climate (PSC) is a NFP that supports people in facing the reality of the climate emergency. They aim to build people's capacity to respond constructively to climate change by promoting and strengthening mental health and wellbeing. **Learn** it here

Hear - Cynthia Houniuhi delivered a heartfelt oration describing the journey she has been on to seek climate justice for the Pacific Islands. Her work with the Pacific Islands Students Fighting Climate Change (PISFCC) began 5 years ago to request an advisory opinion on climate change and human rights from the International Court of Justice (ICJ) and is still ongoing. **Hear it here**
